## POLICY INSIGHTS

### GET QUALITY INSIGHT

On average, our team uncovers nine errors on every policy we check for clients. That's alarming, considering that a policy is the promise you sell to your customers. Understanding how your carriers are delivering that promise is critical both to your customers' satisfaction and your exposure to E&O risk.

### RESOURCE PRO POLICY INSIGHTS

With Policy Insights, retail and wholesale brokers are able to tap into our best practices for checking and analyzing policies. We'll check your policies for errors and inaccuracies, letting you understand how your carrier partners are meeting quality standards and the exposure they are generating as a result of policy errors. Policy Insights can also indicate the drivers of endorsement costs and improve your customer service.

#### 1. LEVERAGE

Proven best practices will be leveraged to optimize policy checking processes.

#### 2. APPLY

Develop and apply policy quality and exposure metrics.

#### 4. ADVANCE

Create and implement an optimization plan of action.

#### 3. IDENTIFY

Identify areas of opportunity to strengthen carrier relationships with improved collaboration by meeting mutual quality standards.
