INSURANCE EXPERIENCE CENTER HELPS DISTINGUISHED PROGRAMS WIN A STEVIE AWARD!

ABOUT THE CUSTOMER

Distinguished Programs is a leading national insurance program administrator providing specialized insurance programs to brokers and agents with specific expertise in Real Estate, Community Associations, Cultural Institutions and Hospitality & Restaurants.

THE CHALLENGE

In their commitment to continuous improvement, Distinguished Programs sought to increase their customers' experience and engagement. They approached this methodically, and looked to understand how they could not only impact service levels, but improve efficiencies that would positively impact their own productivity and that of their customers.

Through insightful interviews with clients and the development of a broker's customer journey, the Distinguished Programs' Customer Engagement Team identified several 'moments of truth'. With the information gathered, the team sought to implement an innovative solution that would transform the way they deliver their customers' experience.

THE SOLUTION

The Customer Engagement Team took a variety of steps, including investing in a new CRM system to handle service requests and integrated a more sophisticated phone system. In addition, a cornerstone of the new structure was implementing ReSource Pro's Insurance Experience Center Custom^{IX} Solution.

The Insurance Experience Center (IX Center) is designed to deliver state-of-the-art customer experiences for the insurance industry. Serving as an extension of the client, the IX Center team seamlessly help customers with any and all requests posed to them with integrated processes, analytics and customer service practices.

In addition to supporting Distinguished Programs' clients throughout the insurance policy lifecycle, the team provides a new live web chat feature and extended service hours.

"At the IX Center we think about service the same way Amazon, Zappos, and other leading service organizations do. To have our partner recognized is a testament to the impact of our different approach to customer experience in the insurance world," explained Travis Van Dyke, IX Center Manager. All IX Center staff are insurance professionals, who receive multidisciplinary training,
