## POLICY INSIGHTS | CARRIERS & MGAs

### GET QUALITY INSIGHT

On average, our team uncovers nine errors on every policy we check for clients. That's alarming, considering that a policy is the promise you sell to your customers. Understanding how you and your distributors are delivering that promise is critical both to your customers' satisfaction and your distributor's exposure to E&O risk.

### RESOURCE PRO POLICY INSIGHTS

With Policy Insights, your retail and wholesale brokers are able to tap into our best practices for checking and analyzing policies. We'll check your policies for errors and inaccuracies, letting you understand the exposure being generated as a result of policy errors. Policy Insights can also indicate the drivers of endorsement costs and improve your customer service.
